### **Sport Club "Mława"**

"Mławiak" or "Mławianka" team was created by brothers Jan and Henryk Nowicki in the summer of 1923. The beginnings of sport rivalry of the team from Mława are not known. Until 1939 the team didn't take part in any matches in the finals. In spite of that the team played a lot of friendly matches, competing with verve with teams from Przasnysz, Ciechanów, Sierpc, Płońsk, Działdowo or Toruń. Depending on the financial situation and organizational capabilities of "Mławianka", the team represented the sport of Mława with changeable luck. Since the beginning of the nineties the team has been struggling with financial problems. In the summer of 1997 a new club was created, the club which inherited great football traditions- Sport Association- Sport Club "Mława"

On 21 June 1998, after a match against Pogoń Grodzisk, won 1:0, the team was promoted for the first time in its history to the III league. The season of 1999/ 2000 was finished in the high fourth place.

The coaches in the club work intensively with club's youngest members as well. In groups: "Junior", "Trampkarze", "Żacy" there are about 150 players systematically participating in the training. Mława is becoming a football centre, which provides nearby clubs with good football players. During the autumn season of 2001 a new coach, Wiktor Pełkowski, was appointed. He led the team to the fourth place in the standings of Polish III football league after the autumn round. During the last five years the senior team won the cup in the ciechanowskie region competition twice. In the season of 2000/ 2001 the team was promoted to 1/16 of Polish Cup winning against the II league team of KSZO Ostrowiec.

This is undoubtedly a great sport and organizational success of the team. In 2003 there was the 80 anniversary of the football club of Mława. The activists, football players and football fans dream of making the anniversary at the same time a promotion to the II football league. Let their dreams come true.
